Nobody Rides for Free

Bunnygrunt

How long have I been walkin' this road
These feelings are getting old
I need a different pace
Move on to another place
But be careful who you borrow from,
-Chorus
Nobody rides for free
I'm livin' my dream
Nobody rides for free
You have to pay to see
If you wanna catch a ride with me.
Where I'm comin' from
And where I'm headed to
Are questions I can't answer for you
Well I don't feel like talkin'
And it damn sure beats walkin'

Let me take you for a ride
You can pay another time.
But the storm keeps a comin'
Just gotta get away
Better watch where your runnin'
Chorus
Now all I need is a little more time
When things get crazy
You gotta cross that line
But the storm keeps a comin'
Just gotta get away
Better watch where your runnin'
'Cause nobody rides for free.
