

Love's Standin'

Vince Gill

Well, every morning when I wake up
And I see you without your makeup
And you still take me breath away There ain't no grass that's any greener
I know there's nothing sweeter
Than how you make me feel this way When I look in your eyes, any fool could realize
Love's standin' right in front of me When the world's in such a hurry
But I don't have to worry
'Cause I found what they're lookin' for She whispers, 'Baby, lay your head down?
Slips off that flannel nightgown
How could any man ever wish for more? When I look in your eyes, any fool could realize
Love's standin' right in front of me
When I see your face and I know I've found my place
Love's standin' right in front of me When I look in your eyes, any fool could realize
Love's standin' right in front of me
When I see your face and I know I've found my place
Love's standin' right in front of me Love's standin' right in front of me, baby
And our love I see ain't goin' nowhere, baby
Love's standin' right in front of me When I see your face and I know I've found my place
Love's standin' right in front of me
