Cause = Time

Broken Social Scene

You come in, check my time
You got fornication crimes
I've seen your hope on television
Where you've been, you were my word

They've got tricycles in skirts

This is a mouth that needs religionAnd they all want to love the cause 'Cause they all need to be the cause

They all want to fuck the causeSo take me down, down through this Kill the common law that missed

This is the blood I love to shareLittle pistols and companion halls

Desperation tentacles

I've been alone since '89Now we've got a menstruating disguise Then know three completes the five

This is a church that should believeAnd they all want to free the cause 'Cause they all need to dream a cause

They all need to be a causeYou've got all and it's

Pretty good but I

Seem to be in disbeliefYou come in, check my time

You've got fornication crimes

I've seen your death on television

Cue immortal child like times

Separation is divine

Here is a strike beneath your kneesAnd they all want to love the cause 'Cause they all need to be the cause

They all want to fuck the causeTake me down, down through this Kill the white within the bliss

Here is a waiting room

That wants to save your lifeAnd they all want to love the cause

They all need to be the cause

They all want to dream a cause

They all need to fuck the cause
