Hollow

Tomorrow's Finest

I've got so much on my mind
All my failures and wasted time
But I won't let it get the best of me

I'm sick of living with so much doubt
When I'm gone will these words still ring out?
A vision taking life in the form of sound

And all these structures built by calloused hands that paved the way
Will always be there brick by brick just to remind me

I'm gonna take the world by storm
This is my time to move on and
Make a name for me

I'm gone, there's no turning back
I've given this all that I have to
Make you remember me
Remember me

I've had enough of the same routine
Of waking up from dreams and feeling incomplete

It's time for me to pack up and leave
There's nothing left for me
There's nothing left for me

I'm nothing but a hollow body made of skin and bones where this heavy heart calls home
And this is how I seem to make sense of it all

Some say that I'm a dreamer
And I'd say they're missing out
This life is what I make
This life is mine

And all these structures built by calloused hands that paved the way
Will always be there brick by brick just to remind me

I'm gonna take the world by storm
This is my time to move on and

Make a name for me

I'm gone, there's no turning back
I've given this all that I have to
Make you remember me
Remember me

You will remember me
