Clown

Liquido

Anything fades
and withers away
tomorrow is past. to dose to stay
l've never heard that voice before - nevermore
l've been trying to tease you
l've been trying to please you
how can l make your time worthwhile
Life's to be lived
the road shall be long
let's sing our fate
a happy song: l WANT TO BE A CLOWN
l WANT TO BE A CLOWN
FOOL AROUND
AND MAKE YOU LAUGH
Now what can l do. to catch a smile
Forever young
In sweet desire
It's but a law
We have to break
there must be more ways. we can take
How can l blame you
for l cannot save you
how can l make
your time worthwhile /The bitterest taste
of the years l waste
is that l spare my mind
of what remains
