

# Christmas Ain't Like Christmas Anymore

[Loretta Lynn](#)

Holidays are lonely days for me  
No, Christmas ain't like Christmas used to be  
Since you've gone, it's not the same no more  
No, Christmas ain't like Christmas anymore It once made me happy but now it makes me blue  
There's something about Christmas that starts me missing you  
No, I don't have the spirit as before  
No, Christmas ain't like Christmas anymore This lonely house don't need no mistletoes  
For I'm the only one that comes and goes  
And since that day you walked out the door  
Well, Christmas ain't like Christmas anymore It once made me happy but now it makes me blue  
There's something about Christmas that starts me missing you  
No, I don't have the spirit as before  
No, Christmas ain't like Christmas anymore  
Christmas ain't like Christmas anymore
