

# I'd Love to Change Your Name

[Kenny Chesney](#)

Honey, I'd love to change your name  
Make yours and mine one in the same  
Ain't nothin' else about you I'd ever wanna change  
Honey, I'd sure love to change your name Do you believe in love at first sight?  
I don't think that I did, not until tonight  
When I saw you dancin' on that hard wood floor  
Kickin' your heels up, I knew it was love forever more Honey, I'd love to change your name  
Make yours and mine one in the same  
Ain't nothin' else about you I'd ever wanna change  
Honey, I'd sure love to change your name You're probably thinkin' I'm some kind of fool  
Well, you're right, darlin', I'm a fool for you  
You buy this line, babe, I'll buy you a ring  
Get on my knees and beg you, please, to marry me Honey, I'd love to change your name  
Make yours and mine one in the same  
Ain't nothin' else about you I'd ever wanna change  
Honey, I'd sure love to change your name Honey, I'd love to change your name  
Make yours and mine one in the same  
Ain't nothin' else about you I'd ever wanna change  
But honey, I'd sure love to change your name Yeah and honey, I'd sure love to change your name
