

The Incarnation Of Lust

Asphyx

[Van Drunen / Daniels, Van Drunen] Lust is our motive
a divine gift
burning sensations
let your mind drift
lust awakes feelings
we usually hide
lust is desire
sets your soul on fire Lust gives ecstasy, lust is a thrill
hidden emotions, allow you to kill
lust is ambition, lust brings greed
lust will show you what you need
lust for passion, lust for sex
lust for life and lust for death
lust is infinity, lust is our beast
reflectiong mirror of forbidden feasts Lust creates frustrations
burning psychic pains
manic depressions
will drive you insane
put your mind open
enter yourself
discover the savage
behind its mental shell
