

Ode To You

Dawn Richard

[VERSE 1] I done made mistakes
Made some wrong turns
Had some fuckups
Too many ? far as I'm concerned
Maybe I've held on
When I should've let go
But when it comes to you
You help me get through
With you I never lose

[CHORUS] I owe it all to you
I owe it all to you
You
I owe it all?
I owe it all to you
It's time for you
You
It's time for you

[VERSE 2] Babe I hope you feel the same
'Cause I'm giving all of me, yeah
I'd take all I have
And bet it all on you baby, yeah
You're the only constant truth
In a world full of lies

I wished for you baby
Oh I wish for you baby
Cause when I was knocked down
Oh you picked me up
Oh ain't nobody like you
That's why I fuck with you baby

[CHORUS] I owe it all to you
I owe it all to you
You
I owe it all?
I owe it all to you
It's time for you
You
It's time for you

If you feel me, put your hands in the air

And say aha oh yeah
[CHORUS] I owe it all to you
I owe it all to you
You
I owe it all?
I owe it all to you
It's time for you
You
It's time for you
