Disco Drop Out

Steel Pulse

My energy's high now
The vibe is just right
I've got this disco appetite
The feeling is groovy
The feeling is right
I'm getting ready just to rock all night
Caught me taxi to the house of sound
I took the ghetto way up town
And they will be waiting without a doubt
Two ugly bouncers just to kick me outCHORUS
Don't throw me out of the disco
Don't throw me out of the disco
Don't throw me out of the disco
Don't throw me out of the discoMakes me wanna holla
They took my twenty dollars
I know the reason why (Dreadlocks shine)
And when I groove I says I move with styleUgly bouncers don't throw me out
Of the disco
Ugly bouncers don't throw me out
Of the disco
Ugly bouncers don't throw me out
Of the disco
Ugly bouncers don't throw me out
Of the discoAll these restrictions for my type
They try to deny me
My party rights
And I hate to think what
What the people say
On how the bouncers have been treating meCHORUS
Don't throw me out of the disco
Don't throw me out of the disco
Don't throw me out of the disco
Don't throw me out of the disco
