

Can't Help Falling In Love

Marty Robbins

Wise men say only fools rush in
But I can't help falling in love with you
Shall I stay? Would it be a sin?
If I can't help falling in love with you Like a river flows surely to the sea
Darling, so it goes, some things are meant to be
Take my hand, take my whole life too
For I can't help falling in love with you
I can't help falling in love with you
