

Living Hell

Misfits

Imprisoned in this world of darkness few have known
A monster lusting blood and the hunger grows
Out on the street, danger's real, the killer's still at large
A trail of death through sewers to the underground I feel their fleeting life draw into my bones
Hear the heart that pounds, the blood that flows
Eternity I damn thee let me rot into the ground
As the empty veins collapse, cast them down Living hell, whoa
Living hell, whoa
Living hell, whoa
I just can't go on
In this living hell This town has worn thin everybody knows
Panic in the news and the terror grows
A tunnel full of filth escape into the night
Another hole to dwell in the underground I feel their fleeting life draw into my bones
Hear the heart that pounds, the blood that flows
Eternity I damn thee let me rot into the ground
As the empty veins collapse, cast them down Living hell, whoa
Living hell, whoa
Living hell, whoa
I just can't go on
In this living hell In this living hell
In this living hell I feel their fleeting life draw into my bones
Hear the heart that pounds, the blood that flows
Eternity I damn thee let me rot into the ground
As the empty veins collapse, cast them down Living hell, whoa
Living hell, whoa
Living hell, whoa
I just can't go on
In this living hell
