But you gon never know bout none of that but you can bet i do
I think im in love with your chick
You try'na call her over there
And she turn around quick thought she was
But you got that middle finger flipped she don't like you

(Spotlight)

When your girl like me she do whateva i say
And i got her commin' back to me like double the pace
An you know i got these girls runnin' a race, girl
I just cant have one, i gotta taste for a lot of women
Your girl i will be gettin' and if i catch you slippin'
Then you nigga is good riddence, haha don't you ever forget it

I can make ya girl do anything i want her to
Cus im the type of dude she would do anything,
So kiss my shoes matter fact kiss me too

Now your man mad cuz you haven't talked to him lately
And its kinda shady but uh I'm probably guna tame ya
Let me get your numba maybe you can drop it later
Bring your girls thats kinda clever

That your girl just ranger claimed us
Cus i brought my bros the rangers
You my kinda flavor

(Day Day)

Uh Oh you lose took your girl from you
Them niggas stand on all fours
And fetch me some new shoes
Thats how i do when ever i choose
Don't be mad at yourself see this one is something else
You should probably change your game
Change your game to help yourself
Cus you really need some help
I'll teach you what to do step by step
Girl really just believe in yourself
She like it when i do
Now its not on you

(Chorus)
