The Jinx

Slow Club

There's an hour left
We lay on your bed wondering where to go from here
You say you'll be fine
Push me out of your mind
It's not the first time you've done thatAnd I've carried a few of these old lovers through
All this love and it wasn't for me
But my hunger it struck
We succumb to our fuck
But we never expected to loveSo I'm leaving my heart here
While we're willing my mind clearCos this isn't enough
I don't want it to stop
I've let so many go without careTake a train down a line that gave me a hope things can be easy
And I curse my brain and my palms and brain
For the pounding that runs through meCos this isn't enough, I don't want it to stop
I've let so many go without care
But it's different with you, like the sky we flew through
It's so open and wide we can't knowSo I'm leaving my heart here
While we're willing my mind clearCos this isn't enough
I don't want it to stop
I've let so many go without careSo I'm leaving my heart here
While we're willing my mind clearGirl it's different with you
Like the sky we flew through
It's so open and wide we can't know
Yeah it's different with you
Like the sky we flew through
It's so open and wide we can't know
