

The King Is Dead but the Queen Is Alive

P!nk

{Pink}

The King is dead but the Queen is alive
Off with his head I'm done with his lies
A fair win I have fought for my life
A clean slate after all this time
A revolution and now I'm in charge
My evolution is to shoot for the stars
His first mistake he underestimates
He didn't bother to appreciate

{Chorus}

So rah rah rah
Sis boom f!cking bah
There's a party in your honor
But you won't be there whatever, so
Three cheers for the one that got away
You were just blah blah blah
I was oh my god
And unlike your anatomy
I'm glad I had it in me, now the King
The King, the King
The King is dead
But the Queen is alive

{Pink}

I guess the village didn't raise you right
Don't think nobody's gonna mourn you tonight
No more licks to wet your appetite
You make me sick I didn't wanna fight
I thought we ruled the heavens and the earth
I really thought I was the only girl
Your secrets have all been revealed to me
You've been dethroned there goes your legacy

{Chorus}

So rah rah rah
Sis boom f!cking bah
There's a party in your honor
But you won't be there whatever, so

Three cheers for the one that got away

You were just blah blah blah
I was oh my god
And unlike your anatomy
I'm glad I had it in me, now the King
The King, the King
The King is dead
But the Queen is alive

{Pink}

There are consequences in this life
A punishment that fits the crime
Your last words, I heard I'm sorry
Now look at me in all my glory

The King is dead but the queen is alive
I wear your crown and I look quite nice
I almost let you get the best of me
But no ones ever gonna get the queen

{Chorus}

So rah rah rah
Sis boom f---ing bah
There's a party in your honor
But you won't be there whatever, so
Three cheers for the one that got away
You were just blah blah blah
I was oh my god
And unlike your anatomy
I'm glad I had it in me, now the King
The King, the King
The King is dead
The King, the King the King
The King is dead
But the Queen is alive
