Mirrors

Natalia Kills

Shut your mouth and close the door
I wanna, watch you while you take it off
I'm gonna, take a blindfold put it on
And then I drop the leather to the floor
I said shut up!
Turning the lights out,
burnin' the candles
And the mirrors gonna fog tonight!
Turning the lights out,
Tighten the handcuffs
And the mirrors gonna fog tonight!
My stiletto on your neck
until I, tie your hands above the bed,
you're 'bout to, but boy don't pull the trigger yet
nanana, I haven't reloaded the clip
no matter
Squeeze hot, hold that pose
you know i like it do it sweetheart, im the boss
I'll let you get close to it
I'm gonna make tonight a show
oh oh oh
I'll make your love grenade explode, nanana
Turning the lights out,
burnin' the candles
And the mirrors gonna fog tonight!
Turning the lights out,
Tighten the handcuffs
And the mirrors gonna fog tonight!
Turning the lights out,
burnin' the candles
And the mirrors gonna fog tonight!

Turning the lights out,
Tighten the handcuffs
And the mirrors gonna fog tonight!
sex, love, control, vanity
sex, love, control, vanity
sex, love, control, vanity
(and the mirrors gonna fog tonight)

sex, love, control, vanity
(and the mirrors gonna fog tonight)
sex, love, control, vanity
(and the mirrors gonna fog tonight)
sex, love, control, vanity
(the mirrors gonna fog tonight)
Vanity, vanity
Squeeze hot, hold that pose
You know I like it do it sweetheart, I'm the boss
I'll let you get close to it
I'm gonna make tonight a show
oh oh
I'll make your love grenade explode, nanana
Turning the lights out,
burnin' the candles
And the mirrors gonna fog tonight!
Turning the lights out,
Tighten the handcuffs
And the mirrors gonna fog tonight!
Turning the lights out,
burnin' the candles
And the mirrors gonna fog tonight!
Turning the lights out,
Tighten the handcuffs
And the mirrors gonna fog tonight!
And the mirrors gonna fog tonight!
