Everywhere But Here

Hope Partlow

It's the last time I'm waiting by the phone
It's been a lonely love with you
And for the first time I'll make it on my own
I'll give my love to someone new
To someone who deserves it more than you
Honey, you don't know what you've been missing
You shoulda been kissing on me
(Kissing on me)
Honey, you don't know 'cause you won't listen
You're gonna be missing me, dear
(Missing me, dear)
When I'm everywhere but here
I'm gonna take down your pictures on the wall
'Cause it's all that's left of you
I used to break down but now your little doll
Is just a girl you never knew
Honey, you don't know what you've been missing
You shoulda been kissing on me
(Kissing on me)
Honey, you don't know 'cause you won't listen
You're gonna be missing me, dear
(Missing me, dear)
When I'm everywhere but here
You say you want me back, yeah
You say you need me, need me, yeah
But it's too late for that
Believe me, believe me
Honey, you don't know what you've been missing
You should a been kissing on me
(Kissing on me)
Honey, you don't know 'cause you won't listen
You're gonna be missing me, dear
(When I'm everywhere but here)
Honey, you don't know what you've been missing
You should a been kissing on me
(Kissing on me)
Honey, you don't know 'cause you won't listen
You're gonna be missing me, dear
(Missing me, dear)

When I'm everywhere but here
