

# Light a Match

## Chic Gamine

Below the clouds  
All lit up  
We radiate  
We love so much  
The shape of our hunger  
Our lighting and thunder  
Our lightning and thunder  
And tears(Chorus)  
Light a match (x3)  
Light a match and watch it burn  
Watch it glow (x3)  
Will you blow (x3)  
It up  
It out (x2)And when the world comes crashing down  
You feel (x2)  
You feel it  
Flashing fire behind your eyes  
You hide  
But still  
You hear it  
Started a war you never meant to fight  
You found hell looking for paradise  
You found hell looking for paradise  
Paradise(Chorus X2)Oooh (x5)  
Ooh oooh(Chorus X2)Oooh (x5)  
Ooh oooh
