Princess

Dark Side Cowboys

Turn around, The mirror shows your picture
A womans face, with a newborn mind
Looking good, raise your naked arms
And feel the smell, Temptation of the night
Are you
Princess, Princess, Princess of the night
You're good, smiling lips glitter
But you're blind, A devils puppet
Stand in the rain, Your tears are frozen like the snow
Cannot breathe, you'll dance the night away
Are you
Princess, Princess, Princess of the night
Some day when we turn back time
Some day your eyes will shine
Some day you might step out
Some day in the name of...
But people turn, Strange decisions
And noone cares about the damned and lost
For today, Money really matters
Cause someday I will return
To you
Princess, Princess, Princess of the night
