

Barons of Suburbia

[Tori Amos](#)

Barons of suburbia take another piece of my good graces
I'm in my war you're in yours
Do we fight for peace as they take another piece of us
But baby I would let your darkness invade me
You could maybe turn this white light into navy
Before you leave It was a slight miscalculation that my friends
My friends would be waiting on the other side of the bridge
On the other side of this, this mole hill of a mountain
This potion now a poison, they're on the other side of right
We're on the other side of her midnight lover
Midnight lover, midnight lover When it's all said and done we will lose a piece
To a carnivorous vegetarian
Barons of suburbia I have heard you pray, before you devour her
So baby will you let my darkness invade you
You always liked your wafer sweet in the middle
Before you leave It was a slight miscalculation that our friends
Our friends would be waiting on the other side of the bridge
On the other side of this, this mole hill of a mountain
This potion now a poison, they're on the other side of right
We're on the other side of her midnight
Midnight lover, midnight I am piecing a potion to combat your poison
I am piecing a potion to combat your poison
I am piecing a potion to combat your poison
I am piecing a potion to combat your poison I am piecing a potion to combat your poison
I am piecing a potion to combat your poison
I am piecing a potion to combat your poison
She is risen, she is risen boys
I said shake is risen
