SEU Worship

Verse:
You beckon me
You beckon me
To leave all that I know
You beckon me
You beckon me
To call you as my own
This is life
This is life
To bid me come and die
Spirit of the living God
You're all that satisfies
All that satisfies

Chorus:
Here I give my everything
Surrendered at the altar of my king
For I am his and he is mine
Oh i know that he will never leave my side
He will never leave my side

Verse:
You beckon me
You beckon me
To leave all that I know
You beckon me
You beckon me
To call you as my own
This is life
This is life
To bid me come and die
Spirit of the living God
You're all that satisfies
All that satisfies

Here I give my everything
Surrendered at the altar of my king
For I am his and he is mine

Oh i know that he will never leave my side
He will never leave my side (2x)

Bridge:
He will never leave my side
My desire is for you
All of heaven adores you
I've tasted and I've seen
That you are good
Your kingdom's forever
Your throne lasts forever
And forever I will sing
that you are good (3x)

Chorus:
Here I give my everything
Surrendered at the altar of my king
For I am his and he is mine
Oh i know that he will never leave my side
He will never leave my side

Ending:
'Cause I'm hanging on
To your every word
Like a melody that no one else has heard
For i am his
And he is mine
Oh i know that he will never leave my side
Oh i know that he will never leave my side
Oh i know that he will never leave my side
He will never leave my side
