

# An End Has A Start

## Editors

I don't think that it's gonna rain again today

There's a devil at your side but an angel on her way  
Someone hit the light 'cause there's more here to be seen  
When you caught my eye, I saw everywhere I'd been and wanna go to  
You came on your own, that's how you'll  
leave

With hope in your hands and air to breathe  
I won't disappoint you as you fall apart  
Some things should be simple; even an end has a start  
Someone hit the light 'cause there's more here to be seen  
When you caught my eye, I saw everywhere I'd been and wanna go to  
You came on your own, that's how you'll  
leave

With hope in your hands and air to breathe  
You'll lose everything by the end  
Still my broken limbs you find time to mend  
More and more people I  
Know are getting ill

Pull something good from the  
Ashes, now be still  
You came on your own, that's how you'll leave  
With hope in your hands and air to breathe  
You lose everything by the end  
Still my broken limbs you choose to mend  
You came on your own, that's how you'll leave  
You came on your own, that's how you'll leave  
You came on your own  
You came on your own
