'Til I Found You

Freestyle

I was alone not long ago
Without a love to call my own.
I was afraid and thought
It wasn't meant for me.
I didn't need anybody else
That was what I would tell myself.
And I believed that that was how it would be.I used to think that I was fine.
Oh, that I was doing okay.
I didn't know that I was blind.
I just went on along my way.
I didn't know what I was missing
'Til I felt you tender lips
Kissing my fears away.
I'm so glad you're here today.I never had somebody I could lean on.
I never had a shoulder I could cry on
'Til I found you babe
'Til I found you.
And I never had somebody I would think about.
I Never had someone I couldn't do without
'Til I found you babe
'Til I found you.I had been badly hurt before.
Ever since then, I would ignore
Any chance for love -
I thought it was a lie.
I learned to really on myself
And I thought that I was doin' well
Until you came with something
I just can't deny.I used to think that I was fine oh,
I was doing alright.
I would go on and do my thing
Everyday and every night.
I didn't know what I was missin'
'Til I felt your tender love
Fillin' me up inside.
I love you with all my might.(And I never knew how good a love could feel
'Til I found you babe, wooh.
And I never thought a love could be so real
'Til I found you.)
