Stay By Me

Clique

Stay by me and make the moment last
Please take these lips
Even if I have been kissed
A million times
And I don't care if there is no tomorrow
I could die here in your arms
Even if the stars have made us blind
We're blind, we're blind, so blind in love
So blind in love
Sweet darling don't you know
That we're no different to anyone?
We stumble, we falter
But we're no different than anyone
And all the winter snow has melted now
Into a pool of silver water
And we were standing in a thunder cloud
Dark as your hair, dark as your hair
So blind in love
So blind in love
