

Omnipotent Crawling Chaos

Portal

Gateways open to a monstrous cataract
Explore drifting conjectural lands of ill
Abodes of horrible implications
No great thought may follow there
Atop seven golden stairs of old cold KadathNyarlathotep
Massing the telepathic sending's of the immemorial
master
Utter contradiction of all matter, force & cosmic order
Omniscient aeon devised through design...
Complete destruction
Of all sanity & order
Summon the machine, omnipotent crawling chaos
Open our minds to the void
Carry forth our desire
That we partake in dreams of madness sake
Reveal the non Euclidean blind nuclear
The outer dark, the forgotten, the whole obscene
Transcendent, cosmivorous
