Censored Truth

Naked Aggression

I told the truth today and they put me away.
I forgot they censor everything we say.
Say what I want (x3) Censorship is wrong.
(chorus)I know what's going on and I'll tell everyone,
you can't shut me up anymore, No! [chorus x2]
I watched the news today and it was full of lies.
They aren't telling us the whole story.
Hiding the truth (x3) Hiding the truth from us. [chorus]
I wrote a song today and they trew it away.
They made a law so record stores can't sell it.
Fuck the Supreme Court, fuck the PMRC, fuck Jesse Helms, fuck censorship.
(chorus)
