Wishing That

Jann Arden

And when I held you, you would almost always hold me down
You could see through everything I said I was falling
And you said not to fall on you
I've bitten every finger 'til it bledWishing that you loved me too
Wishing that you loved me too
Wishing thatAnd when I kissed you, you would almost always kiss me back
But I could tell your mind was with someone else
Oh my hands are folded neatly on my lap
And I am picturing your body as I ask myselfIf you love me too
Wishing that you love me too
Wishing thatListen to my nervous laughter, sunken deep inside my heart
My lips are dry I'm teary eyed for you, my love
Harken all you fallen angels, help me find a place to rest
My head is pounding here beneath the weight of thisI'm wishing thatAnd you know me, oh you know me more than anyone
When I hear your voice, everything I've done disappears from memory
Oh my darling come and save me
Tell me I'm the one you're dreaming of, tell me thatYou love me too
Wishing that you love me too
Wishing that you love me too
Wishing that you love me too
Wishing that you love me too
Wishing thatI'm wishing that, I'm wishing that
I'm wishing that, I'm wishing that
I'm wishing that you love me too
I'm wishing that, I'm wishing that
I'm wishing that you love me too
