

# Stay Free

## Bette Stuy

I miss you, baby,  
Miss you like the caged-bird miss the sky  
No other man has ever touched my heart  
Quite the way you do  
I need you baby  
Need you like the earth need the sea  
And all I want to know is--all I want to know is--  
Will you do this thing for me?

Stay free  
Baby, wait for me  
Stay free  
I'll love you for eternity

I want you baby  
Want you like the bee want honey  
No other man has ever touched a part of innocence  
That once set me free  
That's why I gave you  
Gave you my virginity  
And all I want to know is  
Will you do this thing for me?

Stay free  
Baby, wait for me  
Stay free  
I'll love you for eternity  
Stay free  
Baby wait for me  
Stay free  
I'll love you for eternity

Such a strong and sweet devotion  
You will find in me  
My heart feels like a restless ocean  
Do this thing for me?

Stay free  
Baby, wait for me  
Stay free

I'll love you for eternity  
Stay free  
Baby wait for me  
Stay free  
I'll love you for eternity
