Days in the Sun

No Fun At All

It's getting colder and darker each day
The winter's here and there's nothing to say
The snow keeps falling on and on
When will the happy summer comeI'm thinking and thinking of days in the sun
Thinking just makes me glad
Thinking and thinking of days in the sun
Thinking drives me wildThe snow keeps falling on and on
And it's been ages since I've seen the sun
I'm getting desperate I want to be warm
I need the UVs in natural form
