

Because You're Beautiful

[Toni Childs](#)

I see angels
i see devils in me tooand yesi am angry and frustrated too
im no different, different than youand I've been hurt
and woundedand yes, I've been abusednow i can see you
holding out your hand
hoping that, someone will, finally understandthat you're beautiful
yes you're beautiful
you are beautiful
you are beautifuldeep in the silence, before the dawn
the wounded, the battle scarred
the nicks and the cutdon't let it define you, let it all blow away
reach for the stars, the moon please
find your waydon't you know you're beautiful
cause you're beautiful
cause you're beautifuli see angels
i hear devils in me tooand yes, i am human
and i want nothing from youdon't you see you're beautiful
yes you're beautiful
we are beautiful
yes you're beautifulits the time to choose, what you want now
its the time to declare, who you are now
its the time to, reach for the stars now
its the time to believe in yourself nowdream with me now
dream with me now
dream with me now
dream with me now
dream with me now
