My Guardian Angel

The Orange Lights

Ill be with you,
Ill be with you through thick and thin.
Ill be with you, my love. Oh.Ill be with you,
when your sick and tired of it.
Ill be with you, and I wont go.You know,
You know.
You know,
You know.Ill be with you,
when your friends all slip away.
Ill be with you, my love. Oh.Ill be with you,
when you think this is the end.
Ill be with you, and I wont go.You know,
You know.
You know,
You know.Ill be with you,
when your faith is crumbling.
Ill be with you, and I wont go.Ill be with you
In a place without name,
Ill be with you, my love. Oh.
