

Bad Day

[Justin Bieber](#)

No I didn't think
You would let me down that easy (Oh no, girl)
And I didn't think, it was over
Until you walked away, like it was nothing, baby And that moment was so hard for me to breathe
'Cause you took away the biggest part of me, yeah
Life is so unpredictable, yeah Never thought a love like yours would leave me all alone (Oh no)
Didn't waste any time
Like you had already made up your mind
No sympathy, 'cause I was out of line (Oh, yeah) But I didn't think you would let me, down that easy (Oh no,
girl)
And I didn't think it was over
Until you walked away
Like it was nothing girl, it was a bad day (Hey, girl) I know I was wrong
But you could have said "goodbye" baby, it was a bad day
Now I'm like, woo It was a bad day It was a bad day It was a bad day
