

# Let Me Talk

## Earth, Wind & Fire

Fifty million voices mumbling from the street  
Talking about the 80's and who it will mistreat  
Now, Joseph Worken Hardy, checkin' out the jive  
Glancing at his pocketbook, inflation is alive  
I stand tall, let me talk, let me talk  
I stand tall, let me talk, let me talk  
Now Miss Sophisticated, your nose up in the air  
Trying to find excitement in the labels that you wear  
Now, I may disappoint you, with the things I say  
But deep inside a message burns withing me everyday  
I stand tall, let me talk, let me talk  
I stand tall, let me talk, let me talk  
We're all the same, with different names  
Will you play your role, just as you've been told?  
Let me talk, let me talk, let me talk, let me talk  
Let me talk, let me talk, let me talk  
Won't you come on down, put your feet on the ground?  
Get in touch with you, let your love come through  
World automotives chase the Arab wheel  
Partnerships on nuclear, trying to make a deal  
Now where does it all lead to? I'm sure the question flows  
Through many minds around the world, I'm sure nobody knows  
I stand tall, let me talk, let me talk  
I stand tall, let me talk, let me talk
