

Lbc & the Ing

Mack 10

Yeah, you're about to witness somethin'
You never thought you'd witness before, check this out
Welcome to the house the D O double G built
We got honey, cream, silk an' milk
We make that big bank an' keep that big shank
Just in case we get slapped into the home we take
Nigga, don't think Dogg slips at all
I make chips for Crips an' the beat dogs
True niggas do niggas, hey, you nigga
Can't get with us 'coz we rip shit up
It's Mack Dime an' D O dub
Here's a toast to the most, West coast love
Fo' sho' though, I let you know from the get go
Pullin' on my endo, rollin' through the Wood with my kin dog
Not De La Soul but fresh on parole
Now it's all about the hustle with the pebbles on swole
I'm known to the peoples as the Inglewood Swanger
Been rollin' gold Danas since a BG banger
It's a dog eat dog world in the city that I'm claimin'
An' niggas say we bangin' 'coz our colors be flamin'
But I'd rather push crack, let the bank roll stack
I show Snoop how to whoop an' then I front him a sack
Nigga, better blue tennis shoes tidy with our body
As I fall into the Mack 10 listenin' party
I got greeted by some niggas who I never knew
The cold thing about it is that them niggas kept it true
Inglewood family is what they claim to bang
Street Rue an' Maddog, I think that was his name
But anyway, what can I say? Oh, by the way, is anybody 'kay?
So when you in L.A. or nigga, 'round my way
Give me a holler on the 310 or 213, yeah
Long Beach, oh with the ING
Long Beach, oh with the ING
I'm makin' green in the rap scene from coast to coast
An' rollin' three wheel motion from the woods to the ocean
See, Snoop an' Tray Dee in the LBC
An' wasn't nobody trippin', just cool as can be
No harm up in norm, so the hatas got bigger
But they figure platinum niggas keep a gold plated trigger
An' that's fo' sho' though, you know how it go
Jump in the low low an' bang with the homies, fuck a ho
So just keep away crack an' leave your bulletproof vest
Dogg, there ain't no need for that, we headed west to the QS
Game recognize game an' it always should
It's all good an' you niggas got a passion, Inglewood
Whoever trip get caught up in the middle like Monie
That's on, the one an' only, I keep the big homies for the phonies
So let it be known, from my hood to your town
That Connect game niggas is straight down with the Pound
Now all my peoples in the LBC
Pull up a chair an' have a dime bag on me

See, we be DPGin' this, we in this thang
To make hits an' bump a bitch an' maintain'Coz the more better you get, the more cheddar you get
The more shit you talk, the more wet up you get
See, I found out quick, don't say shit
Just take care of yours an' handle it quickYeah, it don't stop for Biggie or Tupac
Niggas been gettin' shot on my block
But we got to make a change an' the thang is this
I keep my heater by my seater just in case y'all twistBut I wish upon a star
To stay down with Mack Dime, pushin' Caviar
The real recognize the real, I'll kill for that nigga
ING, DPG, deal with it, nigga, for realLong Beach, oh with the ING
Long Beach, oh with the INGThey live on the streets an' they hustle for fame
Some claim 20 Crip but most claim insane
See, it's not a lifestyle, it's a full time job
An' if you live in Long Beach, it's like a macabreFrom block to block, everybody's bad
An' if you don't know where you at, you better tuck in your rag
Push heat on the street with Chuck D's on his feet
Makin' money, slangin' tapes up out the Compton swap meetUp jumps the boogie, some niggas gang bang
So keep a big steel if it's a real G thang
But I kick back, relax, count hundreds by the stacks
An' keep the yay on the stove 'til the whole ki cracksAin't a busta in the crew, so I'm callin' all hogs
It's Connect gang rollin' with the Pound an' Snoop Dogg
An' everythang all gravy like it's 'posed to be
It's Long Beach with the Ingle dub O O D CityLong Beach, oh with the ING
