

# Spicks And Specks

## Bee Gees

Where is the sun  
That shone  
On my head  
The sun in my life  
It is dead  
It is dead  
Where is the light  
That would play  
In my streets  
And where are the friends  
I could meet  
I could meet  
Where are the girls  
I left far behind  
The spicks and the specks  
Of the girls on my mind  
Where are the girls  
I left far behind  
The spicks and the specks  
Of the girls on my mind  
Where is the girl  
Where is the girl  
I loved all along  
The girl that I loved  
She's gone  
She's gone  
All of my life  
I call yesterday  
The spicks and the specks  
Of my life've gone away  
All of my life  
I call yesterday  
The spicks and the specks  
Of my life've gone away  
Everybody  
Spicks and specks  
Spicks and specks, yeah  
Ahh, spicks and specks
