Mr. Happiness

Johnny Maestro

If you need some to having fun
Or just to work or satisfy
If you want something in the morning
Or some else late at night

Just call me I'll be there
To give you all you want
You will be all right in a moment
And have a pleasant time

What do you prefer the yellow
And blue, the red or white
California dreams, Moroccan
Or just Colombian stuff

I'm Mr. Happiness
If you want more or less
Show me the colour of your money
Cause the solution is in my pocket

I'm the guy that you wait
The man that you need and then you find me
I've got the best things
That you can ever try

I'm Mr. Happiness
