

I'd Give Anything

Sarantos

I'd give anything Verse 1 I feel a chill in the air tonight
It's so quiet outside
Seems so peaceful, seems so right
Wish you were still happy by my side By my side... Chorus 1 I'd give anything for my heart to be happy
To be free, to be with you, and your hands to be with me
I'd give anything for my heart to be happy
I'd give up everything Everything... Verse 2 Once upon a time
We were so young and so damn free
We loved each other constantly
I was all for you and you were all about me All about me... Chorus 2 I'd give anything for my heart to be happy
To be free, to be with you, and your hands to be with me
I'd give anything for my heart to be happy
I'd give up everything Everything... Instrumental I Cry! Why?? Verse 3 What is there left to say?
Nothing we haven't already said anyway
What we had was so real
We used to have the real deal I miss you, I miss us
I miss us so much, so much... Chorus 3 I'd give anything for my heart to be happy
To be free, to be with you, and your hands to be with me
I'd give anything for my heart to be happy
I'd give up everything Everything... Ending I'd give anything for my heart to be happy
To be free, to be with you, and your hands to be with me
I'd give anything for my heart to be happy
I'd give up everything Anything, in the world
To be happy, with you again...
