

Everything But the Wings

[Alan Jackson](#)

Its hard to describe
Youre like nothing Ive ever known in my life
Time is flowing from down deep the sunrise
So selfness and completeA beauty in and out
All around you not a single cloud
Like the rain just stops before it hits ground
And puddles at your feetChorus:
Youre an angel
I know heaven wonders where you are
Like you fell off some old shining star
Right into my heart
An angel,
When Im with you I feel like a king
Just like out of some old movie scene
An angel, everything but the wingsLooking at you
Its hard to believe that you could feel the way I do
Never thought Id find so much love were falling to
Or perfect or true
So never go away
If heaven calls you back just ask if you can stay
I never find someone to ever take your place
You know they only made a few
