Revolution

Dr. John

Blind as a justice, deaf is the power
Dumb lose our money
left us in a desperate hour
Economy... drivin' me out of my sanity
Rebellious revolution.
Is it the final illusion?
Final solution!.surrender, killed in their tracks
Babies, women raped. leaders on their back
Religous dillusions
Stoned confusions
Prepare your revolution
Is this final solution?
Girl, is a mass insanity
.humanity
Let's all just pray right now!The real...
Propaganda, hypocrisy
Did we lose our constitution?
Rebellious revolution
Is this the final solution?
A rebellious revolution
Is this the final solution?
The final solution
