Divvy it up  
And in short in order  
It's just your father's final wish to see everything end in slaughter  
Evil eyes can thief and plunder  
A part of the shock of being blind  
Even I can see the wonder of cutting a swath so deep and wide  
Fearful the twins of lightning  
Be mindful  
The spirits are counting on new blood  
Divvy it up  
And in short order
