

# Might've Misheard

## Fort Lean

just saw some local guys slip around the back  
Not to be alarmist, but also I don't want to get attack  
I'm not the only one who feels this way  
I'm not the only one who feels this way Would be nice to stay for more than just tonight  
I'd like to have a drink and also not get into a fight  
I'm not the only one who feels this way  
I'm not the only one who feels this way I thought you said we could both disappear  
And then we'd get away  
I might be wrong, I might've misheard  
I feel there might be something safe  
It feels like someone's been behind us for a week  
I meant to say something but I keep falling back to sleep  
I'm not the only one who feels this way  
I'm not the only one who feels this way I thought you said we could both disappear  
And then we'd get away  
I might be wrong, I might've misheard  
I feel there might be something safe  
I thought you said we could both disappear  
And then we'd get away  
I might be wrong, I might've misheard  
I feel there might be something safe
