

The Alliance

ShadowIcon

The queen of sand, the chosen one,
Goddess on earth, sent from above.
The queen of kings, a tear of Ra,
An ocean princess. A man of arms, a legionnaire, a fool in love,
blinded by the light.
A destiny united; a passion unrevealed
All it took was one look into Her eyes.
Two saints gone astray.
A sign sent from the sky,
A moment, caught in time. Two souls, one mind - the alliance!
A bond of life - the alliance! A trail of tears, a pact of death,
Sworn enemies, becoming friends.
Against the world, on a path of dreams,
Towards a dead end. A change in course of time, a point of no return,
Against the rest of the world!
A unity unbreakable.
One voice. The lies,
Repeating once again.
When dreams come to life,
United till the end. (CHORUS)
