Human

Chay Ceo

Verse 1: you want me to tell you what you mean to me, even though I tell you what you mean to me. I couldnâ€™t grasp your insecurities, even though for you I would gladly bleed. And now you look me right into my eyes, and tell me every kind of lie. They said to let go of my pride, so Iâ€™ma tell you how I feel inside

Chorus: You straight up walked away from me, said we lacked all kinds of chemistry. And now you lyin all up in these streets. I would tell you that Iâ€™m sorry but I guess Iâ€™m only human (sing twice)

Verse 2: See I gotta write right now, can you come right right now, I canâ€™t right now, cuz too much is on my heart. But Iâ€™m taken my time, steady wiping my eyes, cuz now I have to swallow my pride. Cuz see now love is just a fairy tale, something that these women sell. And now I gotta lock away my heart now (spoken: cuz Iâ€™m just to tired you know)

Chorus

Verse 3: Cuz lately Iâ€™ve been wonderin, whatâ€™s really on your mind. Got me beggin on my knees, cuz I know I put in time. And now itâ€™s too late, Iâ€™m sorry your mistake. Iâ€™m packing all my shâ€¦ these are the choices th made. So donâ€™t beg me no more, Iâ€™m walking out the door (Spoken: I canâ€™t take no more shâ€¦). Youâ€™re memory.
