They hook you from the age of two
When you get bored here's what you do
Turn on the tube tune right out
Ignore your friends stay in the house Its all a lie cause they don't know
As long as its ready before the show
Don't believe all you're watching on the video They drain your mind with useless talk
One on one with your favorite jock
Limitless news at five
The waterfront broadcasting live Its all a lie cause they don't know
As long as its ready before the show
Don't believe all you're watching on the video
