

Falling for You

Wynn Stewart

You bring me happiness and leave me loneliness
My world is in distress cause I'm falling for you
You look into my eyes and tell the sweetest lies
You're a heartbreak in disguise and I'm falling for you
Oh darling when you're near my world is happy dear
But when you disappear I'm afraid that we're through
I love in misery you're so unfair to me
It's all a mystery why I'm falling for you
Oh darling when you're near
