## Paloma Faith

The days were long and the nights so cold  
the pages turned and the tale unfolds  
He'd left me for another lady.

She stood so tall and she never slept  
There was not one moment he could regret

He'd left me for another lady He took my hand one day and told me he was leaving, me disbelieving and I, I, I, I,  
I, I, I, I had to let him go Her name was New York, New York, and she took his heart away oh my Her name was  
New York, New York, she had poisoned his sweet mindmmm.. The wolves they howled for my lost soul

I fell down a deep black hole, He'd left me for another lady  
she poured the drinks and she poured the power

A diamond girl who could talk for hours

He'd left me for another lady Now I am on my own, he told me he was leaving, and I was pleading and I, I, I, I,  
I, I, I, I had to let him go Her name was New York, New York, and she took his heart away oh my, Her name  
was New York, New York, she had poisoned his sweet mind The greatest times, I don't wanna hear it, your new  
laughter lines

I don't wanna hear it, the new found friends she introduced you to

I don't wanna know them I just wanna be with you..please don't make me go to New York, New York, and she  
took your heart away oh my, her name was New York, New York, She poisoned your sweet mind. she poisoned  
your sweet mind.
