

My Love Is Real

[Christon Gray](#)

If there's one thing I know true love will never change
Already gave my heart away nobody else could take your place
There's nothing I want more than for you to understand
I'm trying to get that up for you just tell me what to do
If you don't know its real (Let me show you)
If you don't know its real girl (Let me show you)
If you don't know its real for now (Let me show you)
I'll show you my love is real (Let me show you)
I think you're looking for something more than gratitude
The feeling we had some time ago we both want it back
Let's take it slow
I'm not in a rush but I want to make it clear
I'm trying to get that up for you baby it takes two
If you don't know its real (Let me show you)
If you don't know its real girl (Let me show you)
If you don't know its real for now (Let me show you)
I'll show you my love is real (Let me show you)
When love is there, there's nothing that could take away
Love that only you can satisfy
Love is real
Maybe this was worth the wait
And with this love we'll live our lives
If you don't know its real (Let me show you)
If you don't know its real girl (Let me show you)
If you don't know its real for now (Let me show you)
I'll show you my love is real (Let me show you)
