

You're so Much a Part of Me

The Browns

(Chorus)

You're so much a part of me
A part of me, a part of me
So deep within the heart of me
The two of us are one
When you get too much exercise
I start losing weight
And when you take your vitamins
Why darling I feel great
When you inhale a cigarette
I blow out the smoke
And when you're feeling thirsty why
I have myself a coke
Cause (Chorus) What a way to go daffy
What a way to be
We do everything halfy
I guess we must be a split personality
When you've been riding on a horse
I just can't sit down
And when you take a drink or two
My head spins around and around
Cause (Chorus)
Yes the two of us are one
