Jesus Was Right

Frank Black

Maybe on the street
Maybe on the beach
Maybe I'll see you at the mallJesus was right
Yeah, I don't wanna fight at all
At allI wanna be alone
I wanna be inside my headphones
I skate for transportation
Play guitar for elevation
Into a state of my ownI like distortion when I bar chord
A lonely parking lot
When I ride on my boardMaybe on the beach
Maybe on the street
Maybe I'll see you in the hallI wanna be aloneJesus was right
Yeah, I don't wanna fight at allI wanna be alone
I wanna be inside my headphones
I skate for transportation
Play guitar for elevation
Into a state of my ownI like distortion when I bar chord
A lonely parking lot
When I ride on my boardLike distortion when I bar chord
A lonely parking lot
When I ride on my boardLike distortion when I bar chord
A lonely parking lot
When I ride on my board
