Come And Get Some

Swv

And you heard of me
Straight from the V
E-40 Fas orally
Turn the lights down low
And come lay next to me
I wanna fill your night up baby
With passion and ecstasy, yeah
Come and get some of my lovin'
What I got is outa sight
Come and get some of my lovin
I wanna ride ya all night
Come and get some of my lovin'
What I gotta is outa sight
Come and get some of my lovin'
I wanna do you all night
Ooh baby, baby, baby
You got me soaked and wet
Lay on your back now baby
So I can ride you until the sunset
I just wanna hear ya moan
Up and down, round and round, it's alright
Close your eyes, don't be shy
Just lay back and enjoy this ride
Come and get some of my lovin'
What I got is outa sight
Come and get some of my lovin
I wanna ride ya all night
Come and get some of my lovin'
What I gotta is outa sight
Come and get some of my lovin'
I wanna do you all night
Might not be fax machine
But I got a little bit of paper
Misieur Coko with my 40 ounce
Let's make a boilin' makah
My thing a majid be straight up on swell
Like I'm fresh outa the pin
Wearin' a uniform, standin' at attention
Perkin on some of that ruby red grapefruit juice

Gin and must I mention
It leans to the side like the Ifle tower nice and naughty
Nigga talkin' about, who the hell he think he is
Ron high tower or some damn body
I ain't no slippin' in your talkin' playboys partner's limpin'
Check it out, after the club you can find me and my doods
In the parking lot sasquash pimpin'
Ballin' tactics, up outa the yeh all damn day
What's up with mattress, let display my survey
We can kinda like take our time and do some ole' nice and slow
About two and half hours of romantic business
Or we can hurry up and do some speedy Gonzales
Betta get your rock off before your daddy get home in 20 minutes
Smell me on this one, sneakin' out of windows
Hopin' over backyard fences of the hedges
Is he feezy fozzy reezy
Tryin' to spit came at Taj and Lelee, SWV
Come and get some of my lovin'
What I got is outa sight
Come and get some of my lovin
I wanna ride ya all night
Come and get some of my lovin'
What I gotta is outa sight
Come and get some of my lovin'
I wanna do you all night
I wanna keep it long and love you slow
My baby boy you bring me so much joy
So much joy yeah, ooh
I'm gonna make it right
Make your night, my baby boy, I know you will enjoy
I know you will enjoy, come on, come on
Come and get some of my lovin'
What I got is outa sight
Come and get some of my lovin
I wanna ride ya all night
Come and get some of my lovin'
What I gotta is outa sight
Come and get some of my lovin'
I wanna do you all night
